Norco College’s Summer Advantage program, a collaborative model for building the future with college readiness, won the Bellwether Award in the Instructional Program and Services category. College and Corona-Norco Unified School District staff developed Summer Advantage, which became a unique first-year experience for graduating high school seniors, addressing the lack of college readiness skills. ### Intersegmental General Education Transfer Curriculum (IGETC) 2014-2015

The courses listed below are those that Norco College is offering during the **SUMMER 2015** term that can fulfill lower division transfer requirements following the IGETC pattern.

There are other courses that can fulfill these requirements; for a complete list of options, please see the Norco College Catalog.

Once completed, the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University (CSU) or University of California (UC) system generally without the need, after transfer, to take additional lower-division general education courses. Some of the UC campuses do not accept or recommend IGETC for certain majors (i.e., Engineering, Sciences).

It is recommended that all students with the goal of transfer to a 4-year university develop a Student Educational Plan (SEP). A Norco College counselor can assist you in developing a SEP for your specific goals.

Transfer Students will receive IGETC certification after completing all of the subject areas below with a minimum “C” grade or better.

The complete IGETC pattern can be found in the Norco College Catalog.
