The courses listed below are those that Norco College is offering during the **SPRING 2014** term that can fulfill lower division transfer requirements following the IGETC pattern.

There are other courses that can fulfill these requirements; for a complete list of options, please see the Norco College Catalog.

Once completed, the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer to a community college to a campus in either the California State University (CSU) or University of California (UC) system generally without the need, after transfer, to take additional lower-division general education courses. Some of the UC campuses do not accept or recommend IGETC for certain majors (i.e., Engineering, Sciences).

It is recommended that all students with the goal of transfer to a 4-year university develop a Student Educational Plan (SEP). A Norco College counselor can assist you in developing a SEP for your specific goals.

Transfer Students will receive IGETC certification after completing all of the subject areas below with a minimum "C" grade or better.

The complete IGETC pattern can be found in the Norco College Catalog.

### Intersegmental General Education Transfer Curriculum (IGETC) 2013-2014

The courses listed below are those that Norco College is offering during the **SPRING 2014** term that can fulfill lower division transfer requirements following the IGETC pattern. There are other courses that can fulfill these requirements; for a complete list of options, please see the Norco College Catalog. Once completed, the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University (CSU) or University of California (UC) system generally without the need, after transfer, to take additional lower-division general education courses. Some of the UC campuses do not accept or recommend IGETC for certain majors (i.e. Engineering, Sciences). It is recommended that all students with the goal of transfer to a 4 year university develop a Student Educational Plan (SEP). A Norco College counselor can assist you in developing a SEP for your specific goals. Transfer Students will receive IGETC certification after completing all of the subject areas below with a minimum “C” grade or better.

The complete IGETC pattern can be found in the Norco College Catalog.

Final Examination Schedule

- Failure to report for scheduled final examinations may result in a failing grade for the course. In case of illness or other emergency, the student must report to the instructor's office or department prior to the beginning of the examination.
- Final examinations for evening (4:30PM and later) and Saturday and Sunday classes will be held at the time and place of the regular class meeting on the following dates:
  - Thursday, June 5
  - Friday, June 6
  - Saturday, June 7

Classes meeting two nights per week will not meet the first meeting and shall use the second meeting for the final exam.

- Final Examination Schedules are specific to each college, and are to be used to determine the final examination dates for classes that are held only at that college.
- Final examination for classes shorter than a full semester will be held on the last class meeting date.

The chart below details the final examination schedule for full-semester weekday classes. Choose the block that most closely matches the time and day the class meets, and that does not result in a conflict with other classes that are also scheduled within that same block. The date of the final examination will occasionally be scheduled on a day that the class does not normally meet. Note the start time and arrive promptly.

* If you have two finals scheduled at the same time, see your instructors to schedule an alternate time for one of your finals.

† Evening classes that meet Thursday only will hold their final exam on the evening of Thursday, June 5.
