The six-week winter term offers students a chance at expedite the completion of transferable classes and/or certificate completion. I encourage you to seek assistance from educational advisors in order to make timely progress toward your degree/certificate or obtaining units to be able to transfer.

Moreno Valley College remains dedicated to providing students with the highest quality education. Thanks to a strong economic climate, the College has been able to increase class offerings, giving students the opportunity to complete studies in a timely manner. The increase in class offerings pushed the College’s enrollment to nearly 9,500 students, a 9.2 percent increase from last fall.

This past fall, the College assisted over 500 first-time college going students through the Promise Initiative. This initiative provided financial assistance to freshmen students who were committed to complete their associate degree requirements, transfer requirements, and/or workforce certificate requirements in a timely manner. In order to assist you and other students in completing their two-year studies, I would like to remind you of the scholarship opportunities offered through the District’s Foundation office. Deadline to submit an application for a scholarship is January 12, so don’t delay. For more information on available scholarships and how to apply, log on to http://mvc.edu/services/sfs/scholarship.cfm.

The faculty and staff are here to help you succeed. Please don’t ever hesitate to seek out educational support services or to visit one of the College counselors for help in determining class selection.

Best wishes for a rewarding and successful winter term.

Robin Steinback, Ph.D.
President, Moreno Valley College
