Riverside City College is one of California’s oldest and finest community college institutions with a rich history and tradition of excellence. The goal to provide a high-quality educational experience at affordable cost however remains the same. At $46 a unit, RCC remains, by far, the best value for students beginning their college education journey. Thanks to a continuing robust economy we have plenty of seats available. We would love to have you join us.

The success of our students is paramount as the Inland Empire looks to build a well-educated and strong workforce. Today, the College offers over 80 different programs in liberal arts, the sciences, career and technical programs, nursing and fine and performing arts.

This past fall, RCC launched the Promise Initiative as a way to help first-time going college students pay for their first year of college. The initiative provides first-time students with a number of services in order to help them reach their goal to graduate and be transfer-ready in a timely manner.

Once you graduate/transfer, you will become a member of a strong alumni base, many of whom partner with the College to offer scholarship opportunities and program funds, giving students opportunities inside and out of the classroom. It isn’t just alumni stepping up to support your educational goals, but business partners who believe in the mission of the College.

As always, make sure to have completed the registration process in order to be ready the first day of class. On behalf of the faculty and staff at RCC, I wish to welcome you to the winter term, and also encourage you to meet regularly with a counselor in order to ensure you are on track for graduation.

Wolde-Ab Isaac, Ph.D.
President, Riverside City College
MISSION STATEMENT

Riverside City College provides a high-quality, affordable education to a diverse community of learners by offering career-technical, transferable, and pre-college courses leading to certificates, associate degrees, and transfer. Based on a learner-centered philosophy, the College fosters critical thinking, develops information and communication skills, expands the breadth and application of knowledge, and promotes community and global awareness. To help students achieve their goals, the College offers comprehensive learning and student support services, student activities, and community programs. RCC empowers and supports students as they work toward individual achievement, intellectual curiosity, and life-long learning.
